DETAILED ACTION

Allowable Subject Matter

Claims 1-26 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to independent claims 1 and 13, a system for generating multiple drive strengths, comprising a plurality of adders, each adder having a plurality of n-bit inputs, each input receiving a selective set of bits from the n-bit output of the state machine, the plurality of adders generating a plurality of n-bit outputs representative of a plurality of drive strengths operable to drive the one or more output signals is not taught or suggested by the cited prior art of record. Claims 2-12 and 14-21 depend upon the instant claims, respectively, and are allowed for at least the reasons discussed supra.

With respect to independent claim 22, generating an n-bit output representative of a drive strength operable to drive the output signal and adding combinations of two or more selective sets of bits from the n-bit output to generate a plurality of n-bit outputs representative of a plurality of drive strengths operable to drive the output signal are not taught or suggested by the cited prior art of record. Claims 23-24 depend upon the instant claim and are allowable for at least the reasons cited supra.

With respect to independent claim 25, adding combinations of two or more selective sets of bits from the n-bit output to generate a plurality of n-bit outputs representative of a plurality of drive strengths, and adjusting an output driver of a memory controller operatively coupled to the memory subsystem to operate at one of the generated n-bit drive strengths based on the loading is not taught or suggested by

the cited prior art of record. Claim 26 depends upon the instant claim and is allowed for at least the reasons set forth supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
